the QBOT SQUAD

WHAT'S NEW WITH QBOT AND WHERE?

Why pay someone to create a professional quilt when QBOT can do it for you? Automatic hands-free movement creates the perfect design that would be impossible to do by hand. You are now the professional! Just think about all of those quilting projects that you have started, but never finished. The QBOT will complete your quilting projects in a fraction of the time.

Juki TL98E, Q, & QE
Nolting
Pfaff GQ & 18.8
Tin Lizzie 18, Ansley & Queen

QBOT Event *with Denise*

Join us for QUILTING WITH DENISE. Denise Applegate-Schober will present the ultimate quilting frame and QBOT demo.

QBOT is a computerized machine quilting "robot" which uses

designs from many programs including the popular 4D quilt design program. Denise will show you how to record your own designs, pantographs and more. You will also see how to add a corner to a border

and nest designs to give an all over effect. You can even change the proportions of the design to fit your quilt block. You will be amazed at how easy it is to do fabulous quilting with QBOT.

This event is designed to help and inspire current frame/machine owners as well as answer questions for those in the market for a quilting system.
